RE: Colbert Landfill Address Labels for Next Newsletter

Dear Kip:

Enclosed, please find a set of address labels for the Colbert Landfill site. These are to be used on the next Colbert Landfill newsletter. Ecology will continue to send you mailing labels for future newsletters. It seems easier for Ecology to keep the list up to date, since we receive most of the telephone calls and/or letters from people wanting to be added or deleted from the list.

I also need to let you know that as of the beginning of April, the new Ecology project manager for Colbert will be Mike Kuntz. His telephone number is (206) 438-3079. I am taking another position within Ecology. Our community relations specialist position, formerly filled by Chuck Matthews, is vacant. We are currently interviewing candidates for that position. Mike Kuntz will inform you as to our new hire, once it occurs.

If you have any questions regarding this letter, please call Mike Kuntz at the number above.

Sincerely,

Mike Blum
